

Clean Step Scraper

Outdoor Mats

Uses 50%
Recycled
Rubber

Enviro Fact

The collection and production of used rubber ceates job opportunities in developing countries around the world.

Clean Step Scraper protects floors from the damaging effects of dust and grit by efficiently scraping shoes clean. Walking over the rubber bristles removes moisture and dirt which is then trapped in a deep reservoir. Clean Step Scraper is virtually maintenance free and forms part of a complete floor protection system.

100% Recyclable

Features & Benefits

- Traps moisture and debris below walking surface
- All rubber construction for maximum durability
- Textured backing keeps mat in place
- Bevelled edges for additional safety to help prevent slips, trips and falls
- Made from approximately 50% recycled rubber
- Recyclable

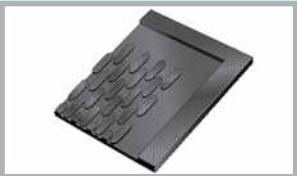

Technical Specification

| | |
|-----------------------|--------------------|
