

Parquet Wiper Scraper

Outdoor Mats

Uses 50%
Recycled
Rubber

Ideal for any outside entranceway, Parquet Wiper Scraper is a superior moulded product available in an attractive parquet design. This product holds twice the amount of dirt and water as a conventional scraper mat. This unique construction ensures passing foot traffic is wiped clean and any dirt particles are held in the base of the mat.

Features & Benefits

- Systematic parquet square pattern (each rotated 90°) to remove dirt and handle multi-direction traffic
- Large water pan area
- Flexible blades to scrape shoes and add anti-fatigue properties
- Bevelled edges allow for easy transition from floor to mat
- Holds twice the amount of dirt and water than a normal scraper mat
- Recyclable for re-use of materials
- Uses 50% recycled rubber and can be recycled in future

Technical Specification

Surface Composition	Natural Rubber
