

Triple-flex

Flow and Scrape

Utility/Food Service

Enviro Fact

Rubber compounds are naturally reinforced with fabric to give this mat 4 times the tensile strength of any other mat in the industry.

Increase safety and reduce worker fatigue with the Triple-flex Flow and Scrape mat. Resistant to grease, oil and water, this mat has anti-microbial properties. Offset backing provides additional softness and support.

100% Recyclable

Features & Benefits

- Oil, water and grease resistant non-slip surface
- Good for indoor and outdoor environments
- Bevelled and cleated edges help prevent slips, trips and falls
- Bacterial growth reduced by anti-microbial material
- Provides support for legs and feet
- Easy clean, durable and lightweight all-rubber construction
- 100% recyclable
- Machine washable in a commercial capacity machine

Technical Specification

Surface Composition	Nitrile Rubber
Total Weight	4.3kg/m ²
Total Height	8mm
Dimensional Tolerance	1-3%

Suggested Placement

- Machine shops
- Work stations
- Gyms or fitness facilities
- Break rooms
- Bars
- Kitchens
- Water areas
- Restrooms

Details

Raised edges keep liquids from bottom of shoes

Offset backing provides additional softness and support
