

### Enviro Fact

No chemicals needed!  
This mat is naturally  
oil, water and grease  
resistant to keep food  
service areas safe.

Increase safety and reduce worker fatigue with the Versa-lite mat. Resistant to grease, oil and water, Versa-lite benefits from anti-microbial properties. The suction cup backing reduces mat movement whilst providing anti-fatigue qualities. Drainage holes allow liquid to pass through and the bevelled edges provide additional safety.

### Features & Benefits

- Oil, water and grease resistant
- Non-slip surface
- Suction cup backing helps keep mat in place
- Bevelled and cleated edges help prevent slips, trips and falls
- Drainage holes allow liquids and dirt to pass through
- Bacterial growth reduced by anti-microbial material
- 100% recyclable
- Machine washable in a commercial capacity machine

### Technical Specification

Surface Composition	SBR/Natural Rubber
Total Weight	5.5kg/m <sup>2</sup>
Total Height	11mm
Dimensional Tolerance	1-3%

### Suggested Placement

- Machine shops
- Work stations
- Gyms or fitness facilities
- Break rooms
- Bars
- Kitchens
- Water areas
- Restrooms

### Details

Suction cup backing helps  
reduce mat movement

Drainage holes allow liquid  
and dirt to pass through

### Sizes

79 x 158cm (2'6" x 5'2 approx)
