

Enviro Fact

WaterGuard fabric offcuts are recycled reducing waste in our landfills.

Our latest product WaterGuard protects floors from the elements by trapping dirt and moisture on contact. Nitrile rubber backs the polypropylene surface with the added benefit of reinforced ridges, providing excellent scraper action for either interior or exterior locations.

Features & Benefits

- Needle punched polypropylene fibres
- 100% nitrile rubber backing for ultimate durability
- Reinforced rubber ridges for excellent scraper action
- Attractive castellated pattern
- Suitable for high traffic locations easy to clean - just shake out, vacuum or lightly hose
- Not recommended for use in areas exposed to grease or petroleum products
- Stocked in the best selling colours and sizes for Fast Track delivery

Technical Specification

Surface Composition	Needle Punched Polypropylene Non-Woven
Pile Weight	813g/m ²
Pile Height	5mm
Total Weight	2.7g/m ²
Total Height	6mm
Backing	Nitrile Rubber
Dimensional Tolerance	1-3%
Flammability	BS4790:1987 Hot Nut Method: Certified as Class - Medium

Suggested Placement

- Indoor or outdoor locations
- High traffic entranceways
- Production areas
- Vending machines
- Ice machines
